ST. LUCY'S SILVER JUBILEE program held in October was a highly successful event, as most of you know.

The week-long schedule began with a Thanksgiving Mass celebrated by Archbishop Joseph McGuckin and ended on the following Sunday with a chicken barbecue.

On the Wednesday of the jubilee week, you may recall, an ecumenical service was held in which representatives of the local churches took part. As a direct result of that service, an inter-faith Thanksgiving service was held on Thanksgiving Day eve in Campbell High School.

(Incidentally, the main speaker at the Thanksgiving service was Dr. Thomas Grissom, the Methodist district superintendent. The Press misspelled his name consistently as Grisson. Sorry, sir.)

The community Thanksgiving service was the first of the type in Campbell in which both Protestant and Catholic churches participated.

Indications are, however, that it will become an annual affair.

And it should.

When giving thanks, we think race, color, religion, and for that matter, sex, have little to do with the whole bit.

-0-

WHILE ON THE SUBJECT of the St. Lucy's jubilee, there are a couple of notes that we think should be mentioned.

For example, Floyd Little of the A&W Drive-in that bears his name on Winchester, made another of his unpublicized gestures that has made him something special in our book over the years.

He presented 75 root beer mugs to the parish as a jubilee gift.

But now isn't that just like Floyd?

He could have given 25 mugs as sort of a symbolic thing representing the 25 years that the parish has been in existence and the basis of the silver jubilee.

But not Floyd. He goes for 75 ...

Floyd, old boy, 75 is "diamond" not "silver."

And there were a couple of other items of the jubilee we thought we should mention before it becomes too ancient history.

The St. Lucy's barbecue committee was headed by Steve and Jean Ann Goodman and they had some difficult decisions to make beforehand. Y'see, the pre-sale of barbecue tickets gave them no indication of how many fowls were needed. With chicken, as you know, you just don't wait for the people to show before cooking.

So the Goodmans made an educated guess of how many were needed and then squirmed from that time on.

The records show that 1026 people went through the barbecue line and that 600 of 'em were served after 4 p.m.

The Goodmans hit it almost on the button with their guesstimate.

But we have a hunch that Jean and Steve (until 4 p.m.) had been envisioning how many ways barbecue chicken can be used, over a period of time, that is.

Like a year or so....

Our notes also show that 150 young people attended a dinner on Tuesday of that week at which Clayton C. Barbeau was the speaker.

That's quite a bunch.

Another note reveals that Dianne Jacques sold 20 books of tickets.

We think what we are trying to say is that there were some basic reasons why the St. Lucy's silver jubilee was so successful.

Do you agree?

THERE ARE SOME fringe benefits to this operation that from time to time make the whole ball of wax quite rewarding.

As a case in point, when our old friend, Carl Field, passed away recently we de-

FOR A KENNEL OPERATION

City Council to hear about noise factors next Monday

It could be somewhat of a "noisy" City Council meeting next Monday, December 11, with sound levels and decibels setting the tone for the session.

One of the first items on the agenda after the Council convenes at 8 p.m. will be reports from one or more acoustical engineers. The subject will be on the question of whether any noise emanating from a proposed dog kennel at 1849 Pollard Road will be a disturbing factor to the neighborhood.

Joyce Kealoha is seeking a zone change for a triangular piece of property at Pollard Road, which is bounded by railroad tracks, a proposed freeway, a utility easement and a drainage ditch. The zone change is necessary before she can operate a dog and cat grooming and boarding kennel on the property.

The Planning Commission has recommended approval of the zone change, with the stipulation that an acoustical engineer's report be submitted before the final plans and elevations are approved.

The City Council deferred action on the zone change until the acoustical report has been made.

A report of an acoustical engineer employed by Miss Kealoha is scheduled to be submitted next Monday.

Opposing the zone change and the kennel operation is Fred Chez, developer of a small commercial center now partially under construction, located across the drainage ditch from the proposed kennel.

Chez has indicated that he also will have an acoustical report at the City Council meeting. He has retained Ed Pack, former planning commissioner and now an acoustical consultant for the job.

AS RESULT OF BALLOTING

Eight new CofC directors to assume office in January

Eight hold-over members, plus the eight new directors who were elected last Friday, will comprise the board of directors of the Campbell Chamber of Commerce for 1973 under the presidency of Ed Fabbri, who served as first vice-president during the past year.

Fabbri, manager of the two Bank of America branches in town, will succeed Al LaPlante, of New York Life, who will also serve on the board as an ex-officio member.

Al Blaine, of Aero Pharmacy, who served as second vice-president during the past year, is scheduled to be moved up to the first vice-presidency.

A second vice-president and a treasurer will be selected by the new board at the first organizational meeting of the new year.

Phil Olavarri, of Killroy Pest Control, is the current treasurer.

Elected in the balloting completed last week were Jim Bower, Pacific Telephone; Jim D'Avis, superintendent, Campbell Union (elementary) School District; Jim Hardy, president, West Valley College; Sally Howe, The Campbell Press; Homer Hyde, Campbell Water Co.; Norm Johnson, Deluxe Check Printers; Dan Knowles, General Business service; Betty Piper, Four Star Travel.

In addition to Fabbri, Blaine and Olavarri, the other hold-over directors include: Father Leonard W. Bose, St. Lucy's; John Copper, IBM card plant; Bob Peck, principal, Campbell High; Jack Reilly, Red Carpet Advertising, and Gordon Craig, United California Bank.

Going off the board after completing their two-year terms are: Jim Baker, attorney; Bob Cowan, Wells Fargo; Bob Tellesen, United Rent-All; Lowell Grattan, developer; Ira Kirkorian, developer.

Planning Commission rejects bank's request for pole sign

As far as the Planning Commission is concerned, present signs used by the California Canadian Bank in the San Tomas Shopping Plaza at San Tomas Road and Campbell Avenue are adequate.

On Monday night the Commission denied the request of the bank for a 15-foot high free-standing pole sign. The action followed the ruling of Art Kee, planning director.

Kee reported that the proposed sign would not be in keeping with the intent of the sign ordinance and that the present signing was adequate.

The Planning Commission on Monday approved a warehouse/office for State Associates at 1261 Dell Ave. and also approved the application of Delton D. Perry for a use permit to convert a residence at 131 E. Hamilton into an office, subject to subsequent approval of plans and elevations.

Eight seek four spots

Eight applicants for the three positions that now exist on the Youth Advisory Commission will be interviewed jointly by the four members of the Commission and members of the City Council this Saturday, December 9, starting at 9 a.m.

The councilmen and youth commissioners will divide into two groups for the interviews. At the conclusion they will select four.

It is expected that the four will be appointed by the City Council next Monday, December 11. At the same meeting, the Council is scheduled to give first reading to a new ordinance establishing the commission, which was formed in 1969 by resolution. The ordinance cuts the membership to seven.

The eight applicants, who will be interviewed, are all residents of the city, a qualification that eliminated a number of other young people who had applied.

Of the eight, two are seniors at Prospect High, two are from Campbell High, a senior and a sophomore; two are from the eighth grade at Castro Junior High; one from the eighth grade at Campbell Elementary and one from San Jose State.

Arends stays on SJS board

Emerson M. (Doc) Arends, of 716 Cambrian Drive, and president of the Campbell Lumber Co. has been reappointed to the San Jose State University advisory board to serve until September 30, 1976.

His reappointment was announced by Karl L. Wente, chairman, and Glenn S. Dumke, chancellor of the board of trustees of the California State University and Colleges.

Appointed at the same time to the advisory board was Alfredo Garza Jr., San Jose councilman.

Arends, a graduate of San Jose State where he served as student body president, had headed the Spartan Foundation and Alumni Association.

Arends, who was elected for the first time to the board of trustees of the Campbell Union High School in 1952, served 19 years on that body (11 years as president). He did not seek reelection to his sixth term in 1971.

LIBRARY, ENGINEERING WING

City readies new building program

Completion of the engineering wing in the city hall, construction of the new library, improvement of the Pony League clubhouse at Rincon Park and partial development of the park, itself, are city projects totalling more than $750,000 that may be completed during 1973, it was revealed this week.

At the City Council meeting in the council chambers at the city hall next Monday, December 11, the Council is scheduled to take two more steps toward finalizing two of the projects, the engineering wing and the library.

WING

Bids that were opened for the engineering wing on November 28 indicated that the wing could be completed almost within the budget figure of $55,000 that had been allocated.

Prior to the opening of the bids, some concern had been expressed by city officials, based on the architect's estimate, that the construction costs for the wing would greatly exceed the budget figure of $55,000.

City Manager Bob Stephens reported this week that the low bid for the project, submitted by Trimble Construction Co., of Campbell, was $54,664. There were six bids submitted.

The low bids included the completion of the basement storage room at a cost of $3635. With architect's fees ($4646) and a contingency fee ($2500), the price would be $61,810 or $6810 over that budgeted.

However, Stephens noted that, if the arbitrary contingent fee ($2500) and the basement storage ($3635) were deducted, the figure would be $55,675 or only $675 over the budget.

The Council next Monday is scheduled to decide which way to go on the bids.

LIBRARY

This week Bill Hedley, architect for the new library, notified the city manager that the state had approved the preliminary plans for the structure which is to be located between Central and Harrison across from the city hall. The property for the building has already been acquired by the city.

State approval allows the Council to authorize Hedley to proceed with drafting the final plans and for the calling for bids. The Council, according to the city manager, could take this action next Monday, also.

The library will be built by the city under a joint powers agreement with the county and then paid back through a lease arrangement with the

CHILD MOLESTER

Campbell police are searching for a child molester suspect who on Monday picked up a 9-year-old girl near Hazelwood School.

The suspect is believed to be a male Latin who was driving a late model green Ford pickup truck.

After picking up the girl near the school, the suspect supposedly drove to the county park off Dell Ave. where the molesting occurred.

AS CHRISTMAS RUSH STARTS

Campbell post office to be open for next two Saturdays

For the next two Saturdays (December 9 and 16), the Campbell post office will be open from 10 a.m. to 2 p.m. as an extra service to facilitate the anticipated Christmas rush, Postmaster Bill Jennings has reported.

Jennings also said that parcels and greeting cards to Armed Forces personnel overseas should be sent via airmail. It is also recommended that all international mail should be sent by air to assure delivery before Christmas.

Local postal officials emphasize also that all domestic parcels mailed as "surface mail" should be in the post office by December 10. Letters sent by "surface means" have a deadline of December 15. Airmail articles will be delivered by Christmas if mailed by December 20.

Postmaster Jennings called attention to the two contract stations maintained by the local post office. One is located in the Kirkwood Plaza Drug at 1698 W. Campbell and the other in the Bead Box at 860 S. San Tomas Aquino Road. The Bead Box will be open for stamp business on two Sundays (December 10 and 17) from 11 a.m. to 5 p.m.

Other than the Saturdays before Christmas, the Campbell post office will maintain its regular schedule of 8:45 a.m. to 5:15 p.m. from Monday through Thursday and from 8:45 a.m. to 6 p.m. on Friday.

Jennings also suggested that using zip-coded addresses will assist in holiday greetings arriving on time. He suggests also that zip numbers be used for both outgoing zip codes and return addresses.

He added also that out of town mail is best sent air mail which will be posted at 5 p.m. at the main post office and in-town mail should also be mailed before 5 p.m.

Assisted housing

The City Council has approved the "Projected Objectives for Assisted Housing" as developed by the Planning Policy Committee of Santa Clara County following a review of the report presented by the coordinator of the joint cities-county housing element program.

Basically the council's approval means that this city endorses the concept of federally-assisted housing. In no way does it pinpoint exact locations or guarantee that this city will provide a "quota" of "assisted housing" year after year.

Federally assisted housing is not the same as government housing. Federally assisted projects are actually privately developed housing with a different kind of mortgaging where the government pays a percentage of the interest due, estimated at about 25%.

But the endorsement of the City Council does emphasize one point. That is that a majority of the councilmen agree with the basic principle that low and moderate cost housing should not be concentrated in one area in the county.

And the action by the City Council makes another point clear. That is this city's governing body does recognize that there is a need for this type of housing.

Since 1970, more than 4000 units of federally assisted housing has been built in Santa Clara County, in response to the major need for adequate housing for families forced out of the private development market. This much-needed housing has, however, been built in the east and south portions of the county (Milpitas to South San Jose).

Of the 4,286 units of federally assisted housing in existence or under construction in the county as of January of this year, 106 units were in Campbell.

This, we think, emphasizes another interesting development as far as the local situation is concerned, especially in answer to those who would argue that "assisted housing" would have a deteriorating effect on the community as a whole.

Very few residents of this area probably have any idea where these 106 units are located in town. So, obviously, thus far there has been no adverse impact.

The proposed formula establishes Campbell's goal of assisted housing at 124 units per year in order to provide the needed housing in the county. That is 3.1% of the total county's responsibility of 4000 federally assisted houses.

We submit that this will not have an adverse effect on the community in any manner.

For comparison the goals of the other cities in the county should be noted: Cupertino, 84; Gilroy, 36; Los Altos, 134; Los Altos Hills, 40; Los Gatos, 100; Milpitas, 120; Monte Sereno, 12; Morgan Hill, 24; Mountain View, 252; Palo Alto, 360; San Jose, 1,732; Santa Clara, 376; Saratoga, 140; Sunnyvale, 480.

In establishing the formula, six factors were used: population; school capacity; fiscal capability; growth potential; percentage of lower income households and minority population.

It is interesting also to note that since January 1970, when 106 assisted housing units were built in Campbell, there were a number of cities in the county that have had no such housing developed.

The breakdown: Campbell, 106; Cupertino, 0; Gilroy, 179; Los Altos, 0; Los Gatos, 0; Milpitas, 293; Monte Sereno, 0; Morgan Hill, 112; Mountain View, 106; Palo Alto, 71; San Jose, 3,419; Santa Clara, 0; Saratoga, 0 and Sunnyvale, 0.

We recognize that in Campbell there is limited land available for assisted housing developments. In the past, the greatest concentration of units has been in the least expensive land areas and land that has been available in Campbell is not in the category.

Historically in this county the low land costs often coincide with areas of low-income and minority concentration.

But under new federal guidelines for project site selection, funding priority will be given to areas outside concentrations of low income or minority population.

It is our opinion that by spreading the federally assisted housing program throughout the county and not concentrating in one area, the entire county will benefit.

It must be recognized that the need has been established for this type of housing program. Records reveal, for example, that in 1970, 48,800 of the 124,300 renter households in the county were eligible for assistance on the basis of their annual income. The subsidy programs set rental rates at 25% of monthly income.

The records also show that 42,600 of the 202,100 owner households living in the county in 1970 had current incomes low enough to qualify for federal housing assistance.

We are convinced that the assisted housing program has merit to alleviate an economic situation that does exist.

And we are also convinced that "spreading" rather than "concentrating" is the proper way to go.

voted considerable space in our column to his background and our feelings about the guy. It was sort of a personal thing with us.

But, after all, that is what we consider the name of the game for this column anyway.

We just tried to pay a sincere tribute to a nice person whom we knew very well.

A nephew of Carl's (Dale W. Fields of Spokane) took the time to write us, to commend us for the column and to ask for extra copies.

He wrote that we had done "a wonderful job" and that "the columnist knew this man he was writing about or he couldn't have done such a good job, could you?"

But probably what we valued more than anything was another comment by Dale, a former newspaperman who now has his own ad agency.

..."but I can assure you the way you wrote about my uncle is the way such things should be handled... not as most papers do today. Keep up this personal thing. It's great."

Whether we are deserving of such an accolade is really unimportant.

But it is a "fringe benefit."

And it did make us feel sorta warm inside.

IN PASSING WE THINK it is interesting to point out that the office receives periodically the "intergovernmental calendar for Santa Clara County" put out by the county's planning department.

The calendar lists a number of high-faluting governmental bodies and their meeting dates with a "partial list of subjects likely to be considered."

Such outfits are listed as SCCAPO (Santa Clara County Assn. of Planning Officers); UD/OS (Urban Development and Open Space Subcommittee Skyline Scenic Recreation Route Committee); PPC/ALUC (Planning Policy Committee and Airport Land Use Commission, etc.)

Listed also was ICC/Mayors Committee (Inter-City Council/Mayors' Committee).

Because Mayor Bill Podgorsek of Campbell, is chairman of the Mayors' Committee, we checked the "partial list of subjects likely to be considered" at the December 7 meeting.

We were greatly relieved to know that everything is under control.

The only item listed for the December 7 meeting was "annual holiday dinner dance."

Have a good day.

THE PRESS HAS BEEN contacted by Pete McCloskey, who was reelected to congress from the 17th district, as to whether we would be interested in a weekly column by him.

In his note to us, the congressman said he was thinking about writing a 400-700 word column for weekly newspapers in the 17th district reporting on topics of current interest in the Congress.

He wondered if we would be interested in carrying it and "please," he wrote, "don't hesitate to be candid in your response."

It could very well be that Representative McCloskey's column might be of value.

But we haven't responded yet. We are not sure how we should sign it.

Y'see, the "personal" letter was addressed to "George Bierhus."

AFTER A CALL LAST week, we did some reviewing of the news stories that have appeared in this newspaper reporting activities of the Planning Commission, City Council, school boards, et al.

We found that we have become a trifle careless at times in our reporting. We have not always followed a basic precept of journalism that we learned so many years ago that you wouldn't believe, if we told you. Which we don't intend to.

Our caller, who was a newcomer to town, wanted to know where the Planning Commission met and at what time. Information, incidentally, that should have been in the news story.

We gave him the dope and then did some research.

Now we are well aware that most of you know that the official city bodies meet in the council chambers at the city hall. But, doggone it, the news stories should have reported that fact anyway. It should not be assumed.

Long ago, an old journalism prof of ours emphasized that a complete news story only deals with one assumption.

And that is, the reader is reading the story for the first time.

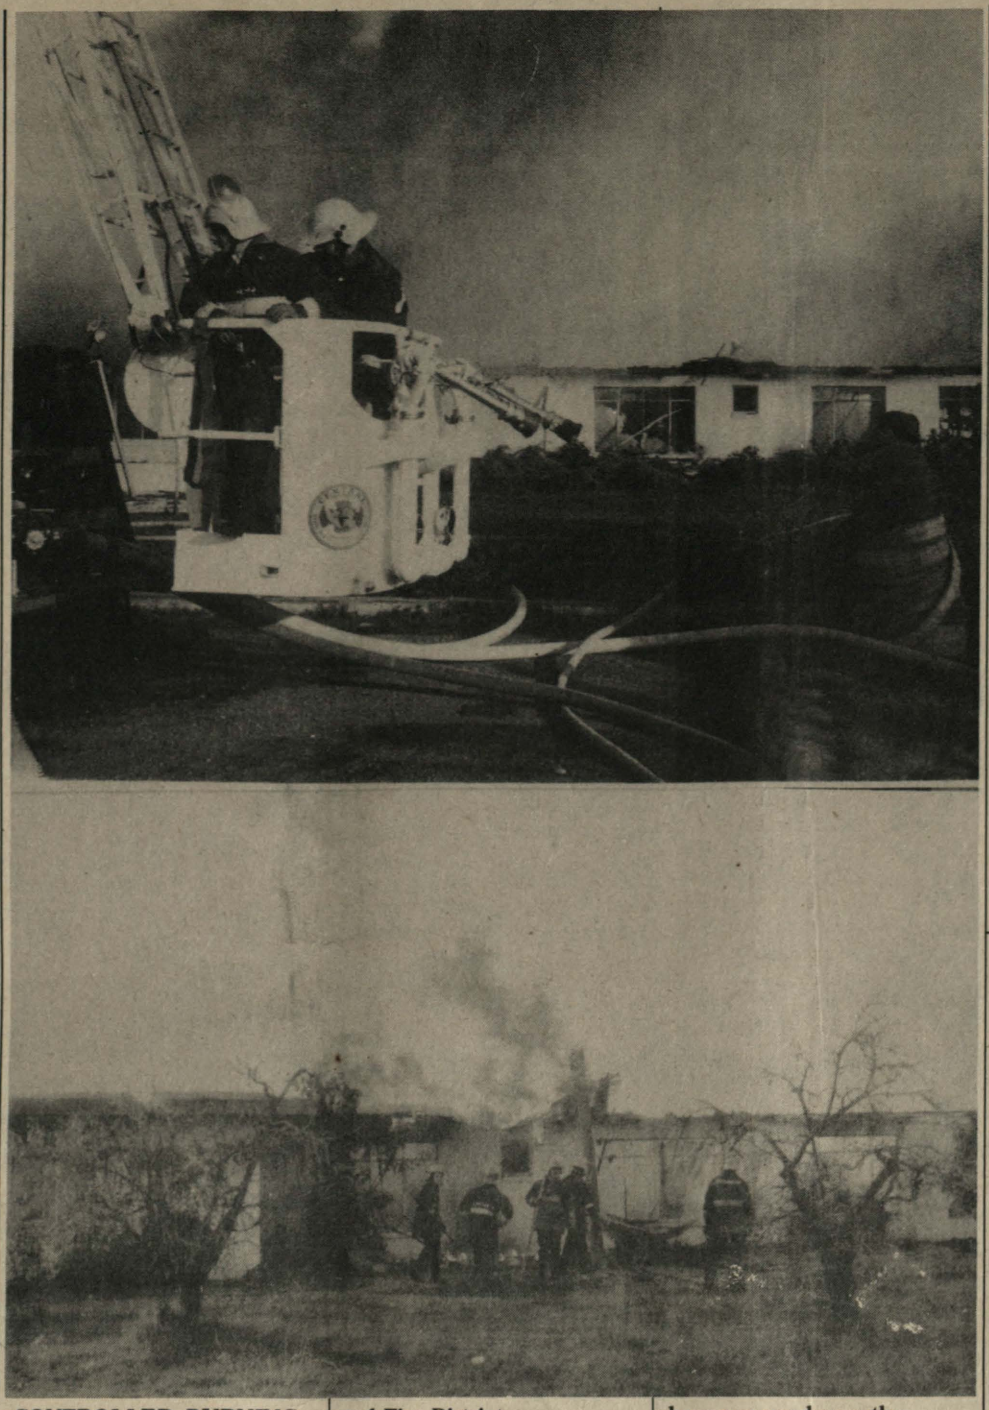
We found that the stories in The Press concerning a pending meeting of the City Council or Planning Commission have been merely reporting the day but not the time or place.

That will never do.

That old prof of ours would not like the way we have back-slid, journalistically.

From now on... "in the council chambers at the city hall at 8 p.m. (or 7:30)" will become a fixed item.

Next question, please...



CONTROLLED BURNING— Although many residents who were attracted by the flames thought it was the "real thing," the former Foothill Convalescent Hospital (above) on Dardanelli Lane, just off West Parr Ave., was burned last Friday as a training exercise for personnel of the Central Fire District.

Because of the specially constructed fire-resistant material used in the building, the controlled burn gave the firemen an opportunity to test methods of fire control for hospitals, hotels and other commercial establishments in which tragic fires in the east have occurred recently.

Firemen and volunteers from the district county sheriff's deputies and officials from the fire marshal's office used the abandoned 16-room building as a testing ground for fire detection devices, as well as various kinds of explosives subjected to intense heat.

HOLDUP FAILS

Two suspects in the robbery of Taco Joe's restaurant were apprehended when their car veered out of control just a block away from the scene of the crime on Friday.

According to police reports two young men were taken into custody. Ulysses Janes, 21, of San Jose and a 16-year-old companion were arrested by officer Sgt. Ron Pennington shortly after the restaurant at 1950 South Bascom Avenue was held up by two robbers brandishing a tire iron and a cap gun. They left with $120.

The suspects were arrested while trying to get their car back onto the roadway just minutes later.

Letters to the Editor

ASKS REPORT

Dear George:

As an interested citizen, taxpayer and parent in the Campbell Union (elementary) School District, I am vitally concerned with the status of the pending Royer vs. school district litigation.

I feel that the trustees should make a public report on the situation and have so requested by a letter to the board. You have my permission to publish the letter I have submitted to the board.

Sincerely,
Gordon Abbott

Dear Dr. King & Members of the Board of Trustees:

It has been reported that next month, the 22nd of January to be exact, is the trial date set for the Royer vs CUSD suit. Is this information correct?

Santa Clara County Superior Court Judge Gerald Chargin handed down a ruling recently in this case. Will you please give an explanation of this ruling and what effect it may have on the CUSD?

Santa Clara County Superior Court Judge O. Vincent Bruno also handed down a ruling in another suit involving Royer vs MacQuiddy, Steinberg, & Graham-Armstrong. Will you please give an explanation of this ruling and any effect it may have on the CUSD?

With all of the legal movement involving our school district I believe a public report on the status of pending litigation is in order. In addition this public report should clearly state who is providing legal counsel for the district and the trustees named as defendants. This report should inform the public of any added cost incurred by the district for legal service. This report also should inform the public whether the current or former district insurance carrier is providing legal counsel and whether this would affect future insurance rates?

Sincerely,
Gordon Abbott

CofC TO MEET

county library district.

The county has agreed to allocate $265,000 for the construction and a federal allocation of $200,000 is also approved under state direction. The city will finance the balance of the 24,000 square foot building. The building is expected to cost approximately $600,000.

In 1967, the citizens of the city approved a $400,000 bond issue for a library, half the size of the one now planned.

The expansion from the original was possible because of the $200,000 federal grant and the county allocation.

The complicated financial situation caused delays in the project, for the city had expended bond funds for the acquisition of the needed property but with the county's agreement in August to allocate $265,000, the project has moved ahead.

If the projected time table is followed, construction of the library could begin next summer, city officials estimate.

PARK MATTERS

In another city construction matter next Monday, the Council will hear a report from Bill Wren as to the possible refurbishing and expansion of the Pony League clubhouse at Rincon Park. It has been estimated that $25,000 will be needed for the project. The funds would come from park bond money.

In another related park project, the city last month awarded a grading contract totalling $27,200 for the park, the first step in a long-range improvement program for the 21-acre site. It is anticipated that contracts for other park improvements will be awarded next year also.

The group of seven students from Arizona State in Tempe will be appearing in folk celebration of the Eucharist.

Tom Belt, former Episcopal campus minister, is musical director.

The students perform on a variety of instruments including drums, saxaphone, recorder, harmonica, electric bass, acoustical and 12-string guitars.

Last summer they completed a coast-to-coast tour which took them to such places as Davenport, Iowa, Salina, Kansas and New York City.

ACTORS REPEAT

Repeat performances of BAC Actors' Company, "The Amorous Prawn" will be given on Friday and Saturday, December 8 and 9, at the Carriage House Theatre, Villa Montalvo, in Saratoga.

BAC Actors, the British-American Club of Northern California, Inc., will present the Anthony Kimmins comedy at 8:15 p.m. both evenings.

Parish Council inaugurates first annual "Name Day"

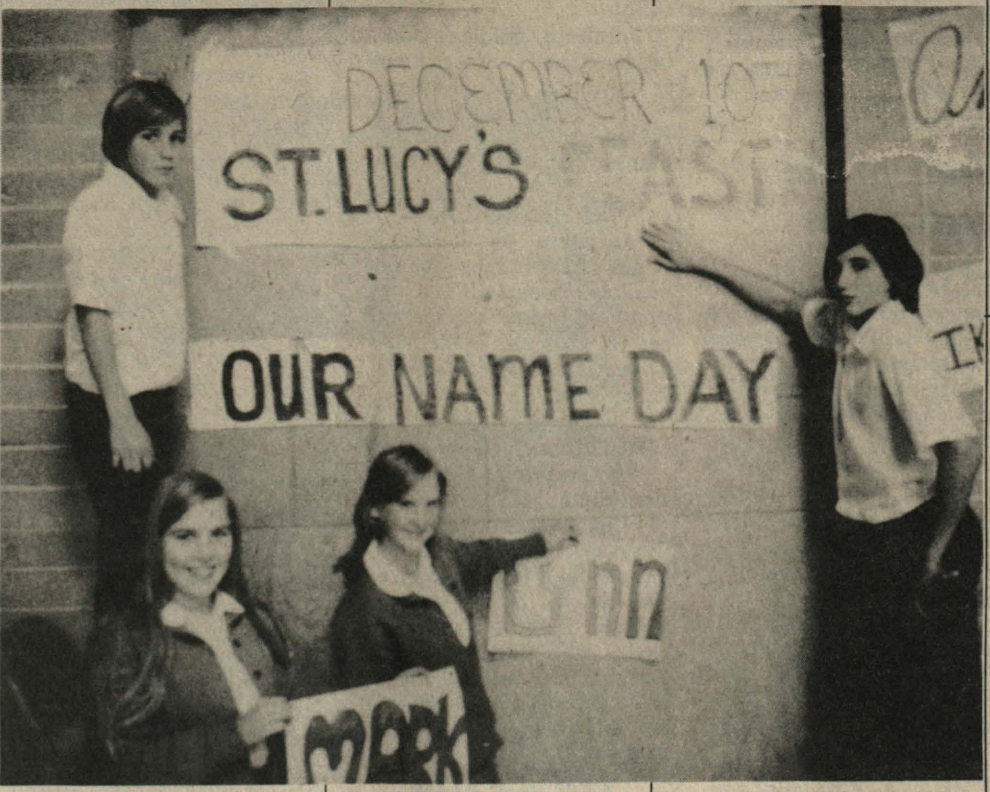
Impressed by the spirit of fellowship generated during the celebration of their Silver Jubilee two months ago, St. Lucy's Parish Council instituted the first annual Name Day at the Campbell church.

Also called the Feast Day of St. Lucy's, the day-long observance is planned for Sunday, December 10.

A special Mass in honor of St. Lucy's will be said at 12 noon followed by various special activities set around the theme of fellowship. Following each Mass, an informal reception will be held in the church hall.

Parishioners are encouraged to create their own special name tags to be worn during the afternoon. Prizes will be awarded throughout the observance for winners of the contests.

Other activities will include "Sing Along With Rich," conducted by Richard Miailozich, and games for the children. Refreshments will be served throughout the afternoon including products of the "cookie marathon" held by St. Lucy women on Saturday.



SAINT LUCY STUDENTS GET SET---Decorating for the first annual "Our Name Day" are students, left to right, Mark Lasecke, Kathy McKinnon, Francesca Mienle and Robert Oneta. Parishioners are invited to this Sunday's celebration and are asked to bring a name tag designed by themselves.

FROSH-SOPH

Campbell's fighting Frosh-Soph football team rolled into a three-way tie for first place by beating Los Gatos, 30-6. Camden and Branham also share the winners circle but as Tom Davis, star running back for Campbell stated, "We should be in first place by ourselves but there was a letdown in the Branham game. We had the stronger team."

General opinion of the team seemed to be that Campbell's strong defense was a large factor in the put downs of other teams.

BUCCANEER BAND

The prize winning Buccaneer Band stepped out with a flourish on November 18 and was awarded a fourth place trophy in their division at the Military Band Tournament in Cupertino. Bill Branson, Campbell's fantastic drum major, competed against 35 other drum majors and tied with two other schools for second place.

Bands from as far south as Pasadena and as far north as Eureka took place in the competition and were judged on their musical skill, overall appearance, spacing while performing and marching.

And the Bucs go marching on!

CHRISTMAS DANCE

Around 'n 'Around is the name of the group that will be playing at the Christmas dance at Campbell at 8 in the cafeteria. As everyone knows, the Christmas dance is usually one of the most jolly (ho-ho!) so why not be there!

BASKETBALL

The varsity basketball players of Campbell will be hitting the courts on December 7, 8 and 9 in the Oak Grove Basketball tournament. The games start at 8 in the boys gym. Featured for Campbell are such players as Mike Weal, Bob Pack, George and Gordy Hahn, and Joe Parisi. Come out and watch the bouncing ball.

TO HELP YOU FEEL ACQUAINTED
- We believe that Jesus Christ is the Son of God.
- That righteousness is simply "rightness".
- That there is no one that is righteous.
- That through faith in Christ's death for us, God forgives our past sins.
- That through this forgiveness we can have fellowship with God, person to Person.

CAMP FIRE GIRLS

by Ellie Rumbaugh

The brisk, cool evenings we have been having was perfect weather for a hayride. After being postponed twice due to the rain, over 300 Blue Birds, Camp Fire, Discovery Club and Horizon Club girls from District Nine were at last able to go on a hayride with all the trimmings, at Cayote Ranch on Monterey Road.

Under the direction of Mrs. Kay Cook and Mrs. Cecelia Bass, district program co-chairmen, the girls were treated to the ride, music in the barn to square dance to, and a song fest. Many of the groups had a cook-out over the large Bar-B-Q pits while others welcomed the warmth of the hot chocolate.

An enjoyable experience was had by all.

Auditing queries posed at meet

"Are You Ready for Medical Auditing?" will be the question asked by Dr. Richard E. Yadeau of St. Paul, Minn., when he speaks before the Medical and Dental Staff of The Good Samaritan Hospital next Tuesday, December 12.

This will be a regular session for the staff, conducted by Dr. Robert B. Truitt, chief. Dinner will be served at La Rinconada Country Club.

Cub Scouts

PACK 330

Greg Norman was awarded two Weblo badges at the recent meeting of Cub Scout Pack 330 at San Tomas School. Greg received both his sportsman and outdoorsman award.

Other cubs honored were: Jimmy Sawtell, Weblo colors and bear badge; Donnie Brosio, gold arrow and assistant denner bars, and Billy Winter and Henry Perroni, one year scouting and perfect attendance pins.

Todd James, Dean Holth and Richard Kimball received their bobcat pins and Henry Perroni also received his denner bars for Den 4.

CUB A REAL GO-GETTER

Many youngsters start off new projects with a bang. Richard Kimball of Campbell is no exception.

The eight year old San Tomas student was recently initiated into Cub Scout Pack 330 as a Bobcat. Later that evening he took first place in the Pinewood Derby Race. He was also awarded the Light of Scouting as the outstanding cub of the month.

How will he ever top that?

IN THE AIR--Joe Alvarez (10), West Valley College quarterback named to the all-league team, goes to the air against Chabot College in the state play-offs. Alvarez, a Campbell High grad, had a great day but WVC lost 21-18 to Chabot. The Vikings were the underdogs in the battle, for Chabot had an impressive season record. But the Vikings made a real battle out of it.

Cougars Corner

by Mike Lindsey

HOMECOMING

This year's Homecoming Queen was Nancy Yorkey, a varsity cheerleader. She was picked by the school, from a field of four finalists. They were Kathy Adams, Denise Montgomery, and Val Harland.

Nancy seems to have been the only highlight of our homecoming game day as the Cougar football team went down in defeat to the impressive Del Mar Dons. This closed out a rather shaky 1972 season at 1-8-1, our only victory being an exciting 30-26 win over Campbell.

The frosh-soph won its Homecoming contest 17-0 and with the win, finished the season 8-1-1. The mark was good enough for a tie for first in the league.

PLAY

Camden's Junior-Senior play was presented November 16, 17, and 18. "Pillow Talk" was quite well done and the audience was quite impressed.

The play turned out to be a success. The profits from the play go to the senior class to pay for coming activities.

ACTIVITY PERIOD

The much advertised activity period seems to be headed for disaster. The Camden students as predicted by many, are not taking advantage of this great opportunity to get involved with school functions.

Because of this, during the activity period many students wander about the halls. This destroys the whole idea behind the activity period and, if the students don't get involved, the program may go down the tubes.

CRACK DOWN

Somebody in the administration office at Camden must be unhappy, possibly the Dean, because recently there has been a complete crackdown on all students not in their classes.

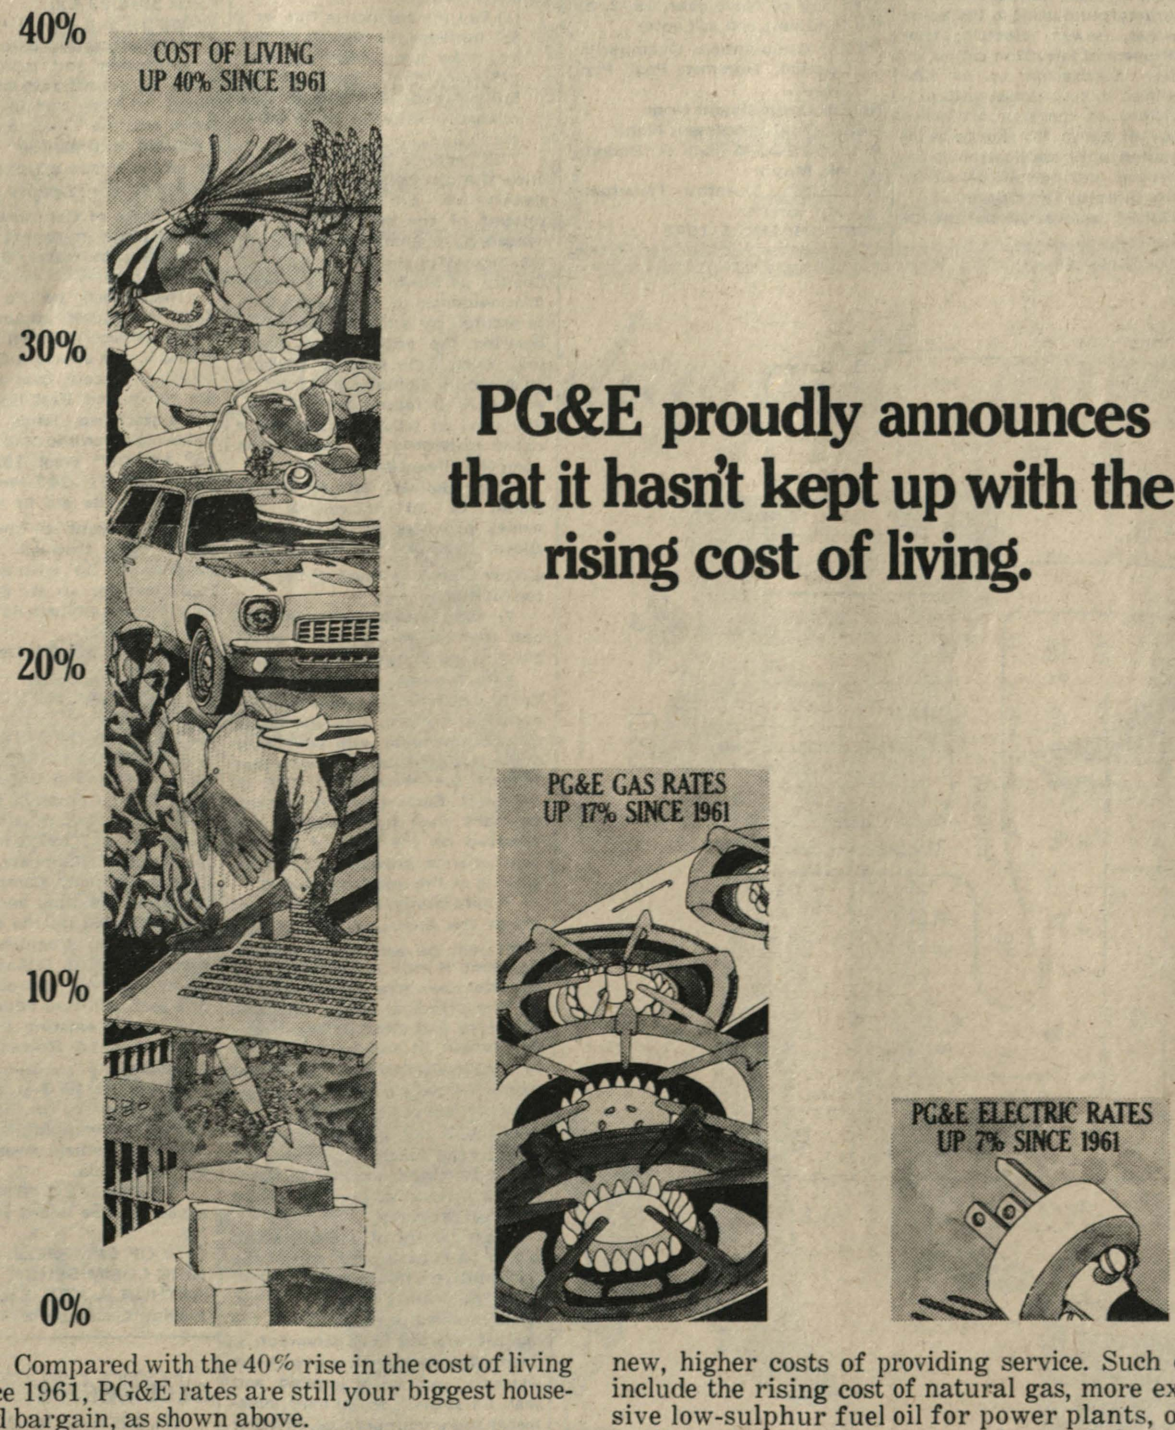
A program which enabled tardy students to get into class without having to go to the dean, has been dropped and passes seem to be much harder to come by.

Maybe this is just the kind of thing we need to save the activity period.

Women Voters

At a set of unit meetings beginning December 11, the League of Women Voters of Central Santa Clara Valley will continue its study of solid waste disposal and potential programs to ease the crisis.

PG&E proudly announces that it hasn't kept up with the rising cost of living.



Compared with the 40% rise in the cost of living since 1961, PG&E rates are still your biggest household bargain, as shown above.

Although rates are somewhat higher, your PG&E bill is bigger these days primarily because you're using 20% more household energy than you did in 1961.

However, rates must continue to rise to pay for new, higher costs of providing service. Such costs include the rising cost of natural gas, more expensive low-sulphur fuel oil for power plants, other environmental improvements and expanded research and development.

We'll continue to do everything we can to provide reliable service at the most reasonable cost possible.

PG and E

Students are competitive

As conference champions are having play-offs and teams are fighting to get into a bowl game, Campbell's elementary schools are choosing their fifth and sixth grade all-star teams.

As the noon bell rings, boys rush out to the football field (also known as the playground, the teacher-coach grabs his bag lunch and heads outside and the volunteer cheerleaders giggle and yell throughout the games while waiting to serve their Kool-aid.

Schools participating are Monroe, Moorpark and Rosemary.

Boasting a 4-0 record is the Rosemary fifth grade football team. Rosemary's sixth grade team did well also with a 3-1-1 record. Robert Radke is coaching the fifth grade while William Murphy is sixth grade coach.

RESOLUTION OF INTENTION OF BOARD OF SUPERVISORS OF COUNTY OF SANTA CLARA TO SELL REAL PROPERTY NO LONGER REQUIRED FOR HIGHWAY PURPOSES

WHEREAS, the County of Santa Clara has acquired for highway purposes certain real property no longer required for such purposes, such property being more fully described in Exhibit "A", attached hereto and made a part hereof by this reference;

NOW, THEREFORE, be it resolved that pursuant to the authority of Section 960.4 of the California Streets and Highways Code, the Board of Supervisors of the County of Santa Clara do hereby declare their intention to offer for sale the above-described real property.

BE IT FURTHER RESOLVED that such real property shall be sold subject to the following terms and conditions:

1. The minimum amount which will be accepted for the sale of such property shall be the sum of Thirty Thousand and no/100 Dollars ($30,000.00).

2. The County of Santa Clara has purchased a preliminary title report from Valley Title, 300 South First Street, San Jose, escrow number 156921. A copy of such preliminary title report is available for inspection at the title company. The successful bidder shall close the transaction through this escrow.

3. All sealed bids shall be accompanied by a deposit in the form of cash, cashier's check or certified check, payable to the order of the County of Santa Clara in the amount of Three Thousand Dollars ($3,000.00). All oral bids from persons not submitting written bids shall be accompanied by a deposit in the form of cash, cashier's check or certified check in the amount of ten per cent (10%) of the minimum price specified in this resolution. No bids shall be considered unless such deposit is enclosed or provided therewith.

4. Written bids shall be on forms provided by the County. Before accepting any written bid, the Board of Supervisors shall call for oral bids. Any oral bid must exceed by at least five per cent the highest written bid. In the absence of written bids, the minimum oral bid shall be not less than the amount specified in paragraph 1. Final acceptance of an oral bid shall not be made, however, unless such oral bid is reduced to writing and signed by the bidder on a form provided by the County.

No commission shall be paid unless there is contained in the sealed proposal the name of the licensed real estate broker to whom it shall be paid. No commission shall be paid in connection with a successful oral bid unless the oral bid, when reduced in writing, states the name of the licensed real estate broker to whom it shall be paid.

5. The County may accept the bid of the highest responsible bidder (written or oral), or may reject all bids, as well as waiving any and all defects or informalities in any and all such bids. In the event there is a tie as to the highest responsible bidder (written or oral), the successful bidder may be determined by lot, or by such other means as determined by the Board of Supervisors. Any sale may be cancelled by County at any time prior to the recordation of the deed, in which event all monies deposited shall be refunded without payment of interest. In determining the highest proposal, the Board shall not subtract therefrom any commission to be paid in accordance with paragraph 12 hereof.

6. Within sixty (60) days after date of acceptance of bid by the Board of Supervisors, the successful bidder shall:

(a) Pay the balance in full, or
(b) Increase his deposit to not less than twenty-five per cent (25%) of the amount of the bid by deposit with the title company referred to in paragraph 2.

The balance of the purchase price (in a maximum sum of seventy-five per cent of the amount of the bid) shall be evidenced by a promissory note by the successful bidder naming the County of Santa Clara as payee, such evidence of indebtedness to be secured by a first deed of trust covering the entire parcel being sold. Such note shall be payable on or before eighteen (18) months after date of recordation of deed. The deed of trust shall contain a clause providing for acceleration upon the alienation of title.

Upon delivery into escrow by bidder of all documents and money provided for in (a) or (b) above, County shall deliver into escrow a deed in favor of the successful bidder.

7. The promissory note shall bear interest at the rate of seven per cent per annum.

Said interest shall be paid to County quarterly on the first day of January, April, July and October, commencing with whichever of the last-mentioned months that follows the recordation date of the deed. Each quarterly interest payment shall be computed and prorated on the basis of the unpaid balance prevailing at the beginning of the quarterly period.

A late charge in the amount of 2% of the quarterly interest payment will be assessed if interest payment is not made within 10 calendar days after due date.

The principal obligation under the Note and Deed of Trust may be prepaid in full or in part at any time without penalty. Partial payments shall be applied against the principal obligation.

8. Until the recordation of the deed to the successful bidder, the successful bidder acquires no right, title or interest or equity in or to such real property.

9. A failure of the successful bidder to comply with any of the provisions of this resolution shall cause the County to terminate the sales proceeding and retain the deposit referred to in paragraph 3.

10. The sale shall be without warranty, express or implied, and shall be subject to all liens, easements and encumbrances, whether of record or not, as of the date of recordation of the deed. The County of Santa Clara does not guarantee the condition of the property, nor does it assume any responsibility for its conformance to codes or regulations of the State of California, or the city or county in which the property is located. It is the successful bidder's responsibility to determine all applicable building, planning and zoning regulations relative to the property. The property will be sold on an "as is" basis.

11. Any and all expenses incurred in the transfer of title to such property to the successful bidder, including title insurance, escrow charges and documentary stamp tax, shall be paid by the successful bidder, with the exception that the County of Santa Clara will pay for the preliminary title report previously referred to.

The successful bidder shall deposit into escrow a policy of fire insurance covering any improvements located on the property in an amount satisfactory to and naming the County of Santa Clara as coinsured.

12. In the event a commission is to be paid in accordance with the provisions of paragraph 4 above, County shall pay a licensed real estate broker commission in the maximum of six per cent of the purchase price, such commission, however, to be paid only in the event that the Board of Supervisors accepts a bid, only out of monies received by the County of Santa Clara for the sale of property, and only after recordation of the deed. Such commission shall be paid as follows:

(a) If the highest acceptable sealed bid is submitted by a licensed real estate broker, a commission of three per cent of the purchase price. In the event of a tie between two or more licensed real estate brokers as to the highest acceptable sealed bid, the commission of three per cent of the purchase price shall be equally divided between the brokers. No commission shall be paid if the highest acceptable sealed bid is not submitted by a licensed real estate broker. In the event of a tie between a licensed real estate broker and a bidder who submits a bid and is not a licensed real estate broker, as to the highest acceptable sealed bid, the licensed real estate broker shall be entitled to a commission of three per cent of the purchase price.

(b) Three per cent of the purchase price to the licensed real estate broker submitting the successful bid.

BE IT FURTHER RESOLVED that on February 14, 1973 at the hour of 10:00 o'clock a.m. at the office of the Clerk of the Board of Supervisors in Room 524 in the County Administration Building, 70 West Hedding Street, San Jose, California, 95110, is hereby fixed as the time and place at which sealed bids, in writing, for the purchase of such property will be received. College band, jazz ensemble to give concert on Dec. 13

West Valley College's Symphonic Band and Jazz Ensemble, two student groups, will present their fall concert December 13 at 8 p.m.

The Symphonic Band will lead off the program with the "Wedding Dance" by Press, "Toccata Marziale" by Vaughan Williams, "Elegy for a Young American" by Lo Presti, "An Original Suite" by Jacob, "Chester Overture" by Schuman, and "Polka and Fugue" by Weinberger.

Approved also was the request of George A. Greene for an eight-foot fence instead of a six-foot one at 221 Hacienda.

Because the Commission's site approval committee had not seen the proposed plans and those plans had not been reviewed by the city's architectural advisor, the Planning Commission continued action on the plans submitted for a Longs Drug Store in the Hamilton Plaza Shopping Center.

In the informal discussion, the commissioners indicated to the architect of the project, who was present, that more time was needed to review the entire landscaping program of the center.

Action was also deferred on the application of Marshall Kent & Associates for a 58-unit apartment complex at 400 W. Rincon. The applicant indicated that the original plans were being modified to reduce the density.

Also continued was the application of Verne L. Buckle for approval of plans for a plumbing shop at 240 Dillon.

The Commission approved the public facility and scenic highway elements of the city's general plan but continued action on the circulation and open space elements.

College orchestra to perform this Thursday

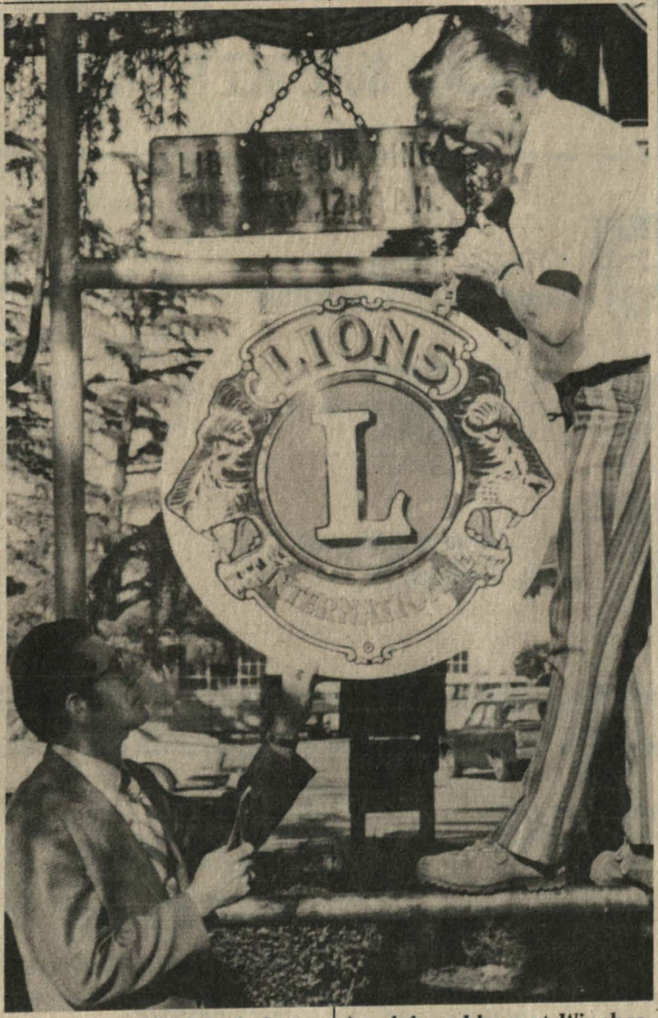
West Valley College's Symphony Orchestra will present its annual winter concert Thursday, Dec. 7 at 8 p.m. at the Campbell campus.

Under the direction of Ross Bergantz, the symphony will present the "Academic Festival Overture" bv Johannes Brahms, "Symphony in D Minor" by Cesar Franck, and the "Concerto in G Major" by Mozart.

Guest soloist for the evening's concert is Joseph Osley, who studied the flute under the guidance of John Wummer. In addition to the Symphony, Osley also plays with the Nova Vista Symphony, San Jose Municipal Band, Peninsula Community Band and the Quintescence Woodwin Quintet.

Bergantz was appointed conductor of the Symphony in February of this year. Prior to this, he was principal trombonist with the San Jose State College Symphony Orchestra and Symphonic Band, San Jose Symphony, Stanford University Symphony and Opera Orchestra and the Portland Symphony Orchestra.

The concert will be held in the Campbell campus auditorium, corner of Winchester Blvd. and Campbell Ave. Admission is free and the public is cordially invited to attend.



SIGN GOES UP---Bob James (left) and Jim West place the Lions Club sign on the standard that holds the other service club emblems at Winchester Blvd. and Campbell Ave. The club is staging a campaign for new members.
